H. CDC DIRECTOR'S REPORT: LARRY LOTT

Charlie's Old Fashioned Hamburgers

Mr. Lott announced that Charlie's Old Fashioned Burgers is now open, very busy and operating under a reservation only basis for the first week.

Tractor Supply

They have completed their onsite infrastructure, should be completing the offsite construction soon and going vertical with the facility soon. The contractor is working with Oncor to get electricity to the facility. They plan to turn the building over to Tractor Supply in October; Tractor Supply plans to open in early November.

Ridge Park

This subdivision, located on Hwy 35, has come to us with a plan which includes 1 acre lots if we allow them to use septic systems, due to the expense of offsite utilities. The 1-acre lots will have 3,600SF minimum homes. Sheldon Homes, a premier builder in the North Texas area, has shown an interest in building at this subdivision.

Mark Johnson Project

Located on FM 548 south, before Crenshaw Rd., the approximate 80 homes will be on a smaller number acres. Mr. Johnson has expressed a willingness to work with the city to while they decide what they want at that site.

Water Scape

This subdivision is south on FM548 which will be developed by the Huffines Group that borders Crenshaw Rd. We just finalized an agreement which will allow for 1035 lots. We believe they will begin construction by the end of the year.

Bonner Carrington Apartments

Bonner Carrington has gone vertical and still believes they will have residents living in the apartments by the end of the year.

Collin County Roads

Mr. Lott and Mr. Alsabrook talked with the Collin County Commissioner Williams. Collin county realizes they will soon experience exponential growth. As a result, they feel they need to start planning roads to support that growth. We discussed the route for the outer loop; the decision for the route in our area is still inconclusive. We think it's going to come down CR 1138 and utilize that right of way. We also discussed hard surfacing Birch, which is currently a rock road. Commissioner Williams is going to research the cost of Royse City purchasing the materials and Collin County using their labor and equipment to do the work

Weldon Irby Property

Mr. Irby owns the property on Erby Campbell which has the cell towers on it. It is going to be difficult to develop that property, but he would like to put some professional office buildings around the towers and on the acreage.

Jaime Valdez Project

Mr. Valdez would like to sell hot dogs and burgers in a unique outdoor dining area. He will include some indoor dining as well.

Whataburger

Whataburger has started the dirt work and will be going vertical soon.

Fuzzy's Taco Shop and Golden Chick

Fuzzy's Taco Shop and Golden Chick are now open.

RV Park

Mr. Lott, Mr. Alsabrook and Mayor Pro-tem Clay Ellis visited some RV Parks in Houston, built the group that would like to build some here.

Plan to upgrade downtown

Both the CDC Board Members and Council have at some point, discussed the need to upgrade downtown. We will meet with some people from the Main Street Austin offices later this month regarding those needs.

Potential new subdivisions

We have close to 2,000 potential lots total. Ridge Park, located on Hwy 35, will contain 100 lots. Water Scape, located south on FM 548, will potentially contain 1035 lots. Vista Oaks, located on FM 1565, will contain 195 lots. Union Square, by D.R. Horton, across from high school, will contain 500 lots. Mark Johnson, who purchased approximately 60-80 acres south on FM 548 from Mr. Whiteside, will contain roughly 150 lots. That brings our total to potentially 1,980 lots for growth and new development in Royse City.

[Mr. Lott was asked about Buc-ee's update. He responded by saying that the FM 2642 overpass is still looking at October-November start date with two years to complete construction. Buc-ee's is 95% percent complete on their design. Buc-ee's will begin construction approximately one year prior to completion of overpass.]

[Mr. Lott was also asked about the city's comp plan. Mr. Lott explained that the Comp Plan Committee had their first draft review and it will take approximately 90 days to complete.]

J. ADJOURNMENT

At 7:57 A.M., Mr. Gladu made a motion to adjourn.

Mr. Ellis seconded the motion.

The motion passed 5:0.

ATTEST:

Secretary
Tonya Brown

President / Vice President
Dena Elder / Mike Gilbert
